Miss Toaddy's 5th Grade

Here's what we will be up to this month!

Reading - Will soon begin our Titanic Unit which will allow for a deeper understanding of nonfiction and historical events. Once completed, we will move on to our business unit!

Writing - We are finishing up our poetry writing unit! As the end of our unit nears, we will be preparing for a poetry jam session! The students will get to recite their poems for their classmates like the are in a poetry coffee house! When we finish, we will move on to our fractured fairy tale unit!

Math - We are going to be moving on to challenge material. Conversions and multiplying and dividing decimals. **Please remember to keep working on those multiplication facts at home so that it comes easily to students as they are working on new material that they learn!** The better students know their basic facts; the more confident they will be with the material we are working on in 5th grade! Please note, students have access to two websites for practicing their math facts. www.IXLmath.com and www.everydaymathonline.com. They have both passwords located in the front cover of their student planners!

Social Studies - Since we have been finishing up our President Unit, we will be moving on to the business unit! We just started Junior Achievement; which will jump start the understanding of business concepts!

Science - We are moving on to our final unit. The World and Water. We are going to be studying water and how we use it throughout the world.
